Custom reporting for Sage Master Builder software users worldwide.

Attention: If you opened this custom report sample directly from a search engine, please visit our website at: www.masterbuilderreports.com. Our custom reports are written exclusively for Master Builder construction accounting software users. We know everything there is to know about Sage Master Builder software, and we can make our reports show anything you want them to.

All of our reports automatically pull in your company data, with no preprocessing required, and they do not require the use of one of your MB licenses/seats, so you can let all of your project managers (or anyone else you designate) see what they need to see. Written in Excel VBA, Crystal Reports, or the internal Report Writer, our reports can include any data you want, in any format you want. If you've been told before that a report you need is impossible, give us a call. We have secret ways of making it work.

Contractor Business Solutions Northwest is a Sage Select Business Partner. In addition to software sales, implementation, and consulting for over 900 clients, we have taught Master Trainer classes, have all advanced certifications, and literally wrote the book on MB's internal report writer. Combine that with our unrivaled construction industry experience and you will see that nobody is better prepared to create perfect reports for your company.
